Summary

- A translation of Moi et Abe, ensemble? by MiaQc

When I found myself in Abe's world, he helped me to adapt, to survive.

I've been trying to find my way back to Aquaria’s waters ever since.

But I think of him often.

Abe.

I think I'm in love with him.

But I can't be in love with him.

We're too different from each other.

And yet...

If I see him again, I'll confess my feelings.
